

Hi! I am Claudia Cuello and I am the Owner and Director of The Owl's Nest Childcare Center!

I have lived in the North Warren area most of my life. I attended Knowlton Elementary School and graduated from North Warren Regional High School. I received my Bachelor of Science in Business Administration with a Concentration in Marketing from Fairleigh Dickinson University in Madison, NJ.

For the past 23 years, I have worked for a corporation based out of Dover, NJ as Executive Vice President. Through the years, I assisted in the company's growth and was involved in almost every aspect of the organization.

However, I had always dreamed of owning my own business so, almost 2 years ago, I began the process of doing just that. I knew that I wanted to bring something to my hometown that was needed and, having always been a working mother, I knew that a childcare center was most certainly in need. I have always loved children too, so this was a natural choice!

With my business experience and background, I am uniquely qualified to run the center's operations but, having been a working mother for so many years, I am also tuned in to what working parents look for and expect out of a quality childcare center. I strive to provide a quality curriculum-based childcare center where parents will know that their children are in a safe and clean environment, well cared for, loved and will have a blast – all while learning!

I currently live in Blairstown with my husband and 2 children. In my spare time, I enjoy reading, crafting, soaking in the sun and spending time with my family.
